Miles Of Dimes To Raise Funds For Scout-Guide Hall

An all out effort to raise the initial amount necessary to get their Scout-Guide Hall underway is being planned, the Building Fund Committee reported today. First attempt to gain public contributions will be the mammoth mile of dimes effort set for July 28 on White Rock's busiest thoroughfares.

Having obtained permission of the Municipal Council to hold this fund raising drive, the committee has organized a planning committee consisting of Jim Shaw, Harold Bissett, Cecil Parsons, Bert Young and R. Shields, Graydon Conner is replacing E. A. Charter as committee chairman.

An advertising committee consisting of Mrs. R. P. Stanforth and A. P. Atkinson has also been formed. A refreshment committee is headed by Mrs. Constance Cox and her assistants.

Interest in the project has been expressed by four of the local Service Clubs—Rotarians, Lions, Kinsmen and Soroptimists.

It is felt that \$7000 to \$8000 is needed before the building of the hall can commence because of the wording of the lease from the Parks Board and that the

exterior must be completed within one year of the signing of the lease. Members feel that with such a stipulation it would not be wise to commence building until half of the needed \$15,000 has been realized.

To date, \$703 has been received towards the building fund in addition to promised volunteer labour. A good supply of lumber is on hand obtained from the buildings on the Municipality property at Panorama Ridge.

Swims From Blaine To W.R. Pier

Miss Winnie Bradley of Vancouver, accompanied by her father in a row boat, swam from Blaine to the White Rock pier, a distance of three and one-half miles in one hour and 38 minutes.

Reading this, swim fans might imagine some marathoner was practising to follow in the strokes of Marilyn Bell. Or get ready for a big swim on Sea Festival Day.

But the event took place on August 4, 1939, when Marilyn was still in rompers.

The report from the files of the Semiahmoo Sun says the swimmer was received with rousing cheers and a great welcome from crowds gathered to watch the White Rock Amateur Swimming Club's swim gala at the pier in that first year of World War II.

Next year a marathon swim from Boundary Bay to White Rock could easily be a major attraction for Sea Festival Days 1967.

Society Seeks Schools For Handicapped Children

Service clubs and PTA organizations are being urged to launch a drive for the establishment of one or more schools for handicapped children in the Surrey, Delta, Langley area.

How to obtain such schools was the main topic of discussion at a meeting of the Boundary Society for Handicapped Children held in the Kin Health Centre in Cloverdale. At the election of officers, held at the same time, L. F. Doyle, 1377 Winter Street, was named president of the Society for the coming year. Mrs. L. F. Doyle was elected corresponding secretary.

BUILDINGS SOUGHT

The Society is currently investigating the possibilities of enrolling children to make a class, engaging a teacher, and locating a suitable building for rent. A building fund has already been established.

The resignation of Mr. J. MacDonald as secretary was accepted. Mrs. Ewaschuk of Langley Prairie was elected as recording secretary. The remainder of the executive are: Mrs. Wallace, Whalley, vice-president, and Mrs. Stone, Cloverdale, treasurer.

GOVERNMENT GRANT

The meeting instructed the members to acquaint Surrey, Langley and Delta parents of handicapped children that the Provincial Government will make a grant towards educating handicapped children of school age who are unable to attend the regular schools.

Information may be obtained by phoning the President at W.R. 55061 or writing to Box 3, Hilltop Post Office.

The next meeting will be held at the Kinsmen Health Unit in Cloverdale on Thursday, July 26. All interested persons are invited to attend.

Purpose of the contemplated school is to prepare children for normal school classes if they

have been retarded for some reason or other and to provide practical training for children who are permanently handicapped.

Sports Writer Sails For Russia, Japan

Jim Coyne, Semiahmoo Sun High School sports writer, sailed aboard the Lake Bonaville, July 6 on a six week trip that will take him to Russia and Japan.

Jim will spend his vacation working on the boat that will pick up cargo in Vladivostok, calling at several Japanese ports on the return voyage and docking at Vancouver in mid-August.

Lucky White Rock girl to go to Vancouver for this thrilling contest in 1956 will be chosen by a competent panel of judges at a Miss White Rock Ball to be held in the Silver Moon on Friday night, July 13.

Contestants for the 1956 event are: Joan Johanson, Semiahmoo Yacht Club; Margaret Johnston, White Rock Yacht Club; Carole Miller, Miss Nishinagale; Joan Mahon, White Rock Amateur Swimming Association; Doreen Ahl-

Incorporation Committee Ask For December Plebiscite

A Surrey-wide plebiscite on the question of the Incorporation of White Rock as a city was asked of the Municipal Council, Monday, by a delegation from this resort town.

Heading the group, Charles Blake, White Rock solicitor, introduced the six members and acted as spokesman.

He suggested that the question submitted to voters in December should read: "Are you in favour of the incorporation of Ward 7, including property facing the boundary streets of Slayte Road, North Bluff and Bergstrom, to a depth of the lot or 500 feet, as a separate municipality, to be known as the City of White Rock."

Speaking for the Incorporation Committee, Mr. Blake asked that the plebiscite be put to the voters "on a democratic principle."

Mr. Blake said that following meetings last year, the committee had found it "economically sound" that the suggested area should be incorporated.

He pointed out that a Bill on the matter was submitted to months ago to Municipal Minister Wesley D. Black.

Plan for the Incorporation of White Rock was similar to the Bill under which the city of Langley received incorporation, he said.

An "impasse" had now been reached because no action had yet been taken by the Provincial Department "and apparently none is intended in the near future."

"It would facilitate the whole matter if the voters of the municipality were given the opportunity to vote on this question in December" the spokesman told Council members.

Reeve Nesbitt asked if the delegation had the petition with them and was told it was still in the hands of the Minister of Municipalities. C. H. McElhinney, secretary of the committee, assured Council he

would take immediate steps to have the petition returned from Victoria to be filed with the Municipality.

Other members of the delegation besides Mr. McElhinney and Mr. Blake, who represented the Board of Trade, were: R. Shields, Ted White and G. Daniels. S. Suddes, from the Ratepayers' Association and Vic Kerr, representing the White Rock Junior Chamber of Commerce, also attended.

The delegation pointed out that a petition signed by ratepayers within the proposed in-

corporation boundaries and representing 54 per cent of the land value of the area, had been forwarded to Victoria last year. A plebiscite had been turned down in 1948, but since that time assessment in White Rock had more than doubled.

In an interview with the Semiahmoo Sun, Tuesday, Mr. Blake said that if the plebiscite was favourable the voters could consider it a mandate for action and press the Government for immediate implementation of the Incorporation Bill.

Council Report

Maintenance Fund Probe Move Blocked

A motion by Councillor Jack Burrows, demanding a full probe into expenditures of the Public Works Department was defeated in Council on Monday. He had asked that a representative from the office of the Minister of Municipalities be called in to investigate.

The Ward 7 Councillor questioned the fact that since April of this year there had been no report to Council on where maintenance funds were spent. "This has always been Coun-

cil practice in previous years," he said. "Strangely enough Ward 1 received a very large amount of money and when this was brought to Council's attention the reply was given that the maintenance account now is spent on a municipal instead of a ward basis."

The Councillor pointed out that this was voted on and passed during the period when Ward 6 was without representation owing to Councillor Mil-

Plan Big Show for Sea Festival

360 Members In Swim Club

Total registration for the 1956 summer season of the White Rock Amateur Swimming Association now has reached 360, according to figures released by officers of the club. Thirty-nine of these members are from Langley.

Practice for the Water Ballet being put on July 21 at the Sea Festival by the Kah-Mi Synchronized Swimming Club are now underway. Mrs. J. W. Morrow, of Crescent, the former Noel Oxenbury who held the Canadian Swimming Championship for 13 years is in charge of the group. A new feature this year will be a night water ballet under coloured lights.

In preparation for the Sea Festival events all members of the WRASA are asked to turn in their cups as soon as possible.

The Club have announced that Royal Life Saving will hold a demonstration on the Pier on Sunday, July 22. Mr. Ralph Hood donated the First Aid supplies to the Swimming Club.

Dance Teacher To Try Juan de Fuca Swim

A dance instructor who opened a studio in White Rock this week will attempt to swim the Straits of Juan de Fuca in August.

Heino Tammet, a long distance swimmer and well-known teacher of dancing, is practicing in Semiahmoo Bay for the big swim across the challenging Straits, conquered only once when a Tacoma logger last Fall beat the 30 miles of choppy waters.

Last summer Mr. Tammet, who came to Canada from his native Estonia three years ago, swam across Lake Winnipeg.

Mr. Tammet attended a famous dancing school in Stockholm, Sweden, before coming to this country where he also took instruction at the Arthur Murray Dance School in Toronto. As a pastime he composes music, having already written 12 tangos and waltzes. He also paints, is a philatelist and a linguist and plays the piano, accordion and the guitar.

The Heino Tammet Dance Studio is located at 14903 Wash-

School Trustee

J. Wardrop Resigns

Resignation of School Trustee Johnny Wardrop will become effective on July 15. In making his resignation known to the School Board Mr. Wardrop revealed that he is moving to Williams Lake in the near future, having accepted new employment in that area.

The School Board have accepted Mr. Wardrop's resignation with regret. He was elected to the Board last December.

Plans have been approved by Victoria for a new 14-room Lord Tweedsmuir High School in Cloverdale. Tenders have now been called, returnable by July 31.

The old Annadale school has been leased by the Board to the Annadale Community Association. Provincial approval will be sought by the Board to construct classrooms on the lower floor of newly-opened Green Timbers and Joe Brown Elementary Schools. The new classrooms will accommodate an influx of new students into areas served by the schools.

A total of 48 new teachers were accepted for appointment by the Board.

Little Leaguers Make History

By VIN COYNE

History was made at Semiahmoo Park on Sunday. The sort of history that White Rock needs more of.

The first White Rock Little League baseball games ever played in this town took place with some 36 ambitious and energetic youngsters partaking.

Four teams, complete with caps, sweat shirts, bats, balls, masks and even cheap protectors and shin guards took the field as a result of many weeks of patient coaching by several of this town's youth leaders.

The play was not perfect, the errors many, but every one of those youngsters were out there with the spirit and drive of any big leaguer. And most important of all they were having the time of their lives!

REAL PROGRESS

This was just one step for White Rock coming into its own. Just another step toward White Rock becoming a real year-round community — not just a summer resort town.

What do the citizens of this town really want?

A community swelled by thousands of vacationists during the summer, only to become a mere shadow of a town during the winter, or a community that can keep an active, healthy population in any season?

This question was partly answered in two instances in last week's Semiahmoo Sun.

Firstly, by track and field expert Wally Strang, and secondly by "Disgusted" in his letter to the Editor regarding the White Rock Sea Festival.

Wally Strang wrote last week, wondering what local teenagers did with themselves in regard to athletic entertainment. They do precisely nothing. And yet White Rock has produced its share of good athletes.

Such stars as basketball and tracks Heather Walker; discus thrower Bud Stapleton and swimmer Dick Jack (although a Vancouver resident, Dick has lived here for many a summer), are White Rock's gift to the sports world.

How many other potential greats have we had (or got) who could be developed with the right coaching and training facilities?

Every week the RCMP stage a crackdown on teen-age drinking and rowdiness at White Rock and Crescent Beach.

Few of these teen-agers are local youths.

So our track athletes who have any ambition at all, travel either to the city or to Newton where they receive attention from such capable men as Constable Wally Strang, of the Vancouver city police force.

AGREE WITH "DISGUSTED"

One cannot help but agree to some extent with "Disgusted" in his letter last week.

Without reflecting upon any person or body connected with the organizing and carrying out of the Sea Festival, it must be said that the Festival is mainly a tourist attraction.

After two days of impossible parking conditions, unfortunate mishaps unforeseen before the Festival and a programme that has always been at least two hours behind time, tourist and residents alike must return home and ask themselves: "Who or what has benefited from the Festival?"

Could it be possible that if these same people, organizations and service clubs put the same amount of time and effort into a community project that could be benefited the year round by our permanent residents and young people their efforts would be equally appreciated and rewarding?

White Rock will always be a seaside resort—and for that we are thankful. But White Rock must also become a town which its residents can live in and appreciate and be proud of the year round.

That is why the little leaguers who played organized ball for the first time Sunday have something to look forward to. With the support and coach-

ing they received during those games, they—the teen-age athletes of tomorrow — will at least not have to look elsewhere for their training.

Polio Cases

Down in B.C.

Only 15 cases of polio have been reported so far this year in British Columbia.

This is the lowest number at this time in recent years. Last year at this time 40 cases had been reported.

The low incidence plus the better facilities in Vancouver and Victoria to deal with any outbreak has led to optimism among medical officers.

Sunnyside Ratepayers To Re-roof Hall

The Sunnyside Ratepayers' Building Committee have been authorized to go ahead with re-roofing of the community hall. At a meeting held in the hall on Tuesday, July 5, the committee were told to order the necessary materials for the job. Volunteer labour will help to put the asphalt shingles on. Siding for the outside of the building is also planned for the near future. Funds will be raised for both jobs by the Association.

New members attending from the Johnston Road area stressed the terrible situation due to shortage of water in Sunnyside. It was felt that Ward 6 Councilor, Aubrey Stevens was doing an excellent job in trying to remedy the situation for the Sunnyside Ratepayers.

He had also devoted a lot of time to roads and ditches in the neighbourhood, it was revealed.

Extension of the black top paving on Sunnyside Road to Pacific Highway was also due to the councilor's efforts, it was pointed out.

This bit of paving which carries a lot of traffic is outside Ward 6 boundaries, but \$1000 of that ward's road allotment has been given to the project. In the absence of Mr. G. Cook, who is in Shaughnessy Hospital for treatment, Bob Waite acted as secretary. Mr. Ralph

Schultz, president, was in the chair.

The next meeting of the Association will be held the first Tuesday in August.

PANORAMA RIDGE AND COLEBROOK

Miss Marge Perry flew home from Fort Nelson at the weekend to visit with her parents, Mr. and Mrs. Jim Perry. En route she stopped off for a day in Prince George where she was the guest of her sister and brother-in-law, Mr. and Mrs. Iver Buchi. Miss Perry leaves this week for Victoria to attend the Summer School of Education.

The last meeting of the season of the W.A. to Colebrook United Church was held on June 27 with Mrs. Jim Perry presiding. It was decided to hold a Rummage Sale in September and any neighbour having anything they would like to donate to this are asked to phone Newton 384-X-1 for pick-up.

Mr. and Mrs. John Busby of Duncan and family, have been visiting with John's parents, Mr. and Mrs. E. J. Busby.

Miss Donna White spent a few days visiting with friends in West Vancouver.

Miss Willie Miller is holidaying with her family on Sandell

Road. Miss Miller is stewardess with CPA and has been promoted to the Pacific run.

Mrs. Hawkins of Ottawa, a daughter, Ellinore, and son Richard, are visiting with Mr. and Mrs. P. Richards on New McLellan Road.

Family Re-United After 36 Years

A picnic in Semiahmoo Park on July 8, celebrated the re-union of a family, members of which had not seen each other for 36 years.

Hosts were Mr. and Mrs. Elgin Walley, 15162 Royal Ave., and guests of honour were Mr. and Mrs. Peter Sullivan Stevenson from Manchester, Connecticut, brother-in-law and sister of Mrs. Walley, whom she had not seen for over three decades.

Sixty-four members of the family, who live in Vancouver and the Lower Mainland attended. A cousin, Mrs. T. Liddle and children, from Ponoka, Alberta, and Mr. Earl Preston of Rutland, British Columbia, were also present. Mr. Stevenson is the brother of the late Mr. Fred Stevenson of 13056 Crescent Road and of Mrs. Fred Hanson of 1505 Stride Ave., New Westminster.

Mr. and Mrs. Stevenson were pleased to enjoy the wonderful White Rock climate and the many beauty spots of the Lower Mainland.

Former W.R. Girl Takes Honours

Pamela Jean Fournier, a student of Gonzaga University, Spokane, Washington, last year, was listed on the honour roll for the Spring semester at the University, the Rev. J. Francis Gubbins, S.J., University Registrar, announced this week.

Students who maintain a "B" or better average are listed on the honour roll, the registrar said.

The daughter of Mrs. Helen Jean Fournier, North Bluff Road, Pamela was married on June 2 to Mr. William Hyslop Small of Tane, Washington.

Local Boys To Attend Warden Summer Camp

Three White Rock youths have been accepted by the Canadian Forestry Association to attend the Junior Forest Warden's Training Camp at Light-house Park, West Vancouver, July 14-21. They are: Peter G. Burrows, 1595 Nichol Road; Alan George Caldwell, 14517 Magdalen, and Leonard Wheatley, 1470 Bishop Street.

Three camps are being staged by the association this summer, two at West Vancouver and the third at the University of British Columbia's experimental forest at Loon Lake, near Haney.

All Junior Forest Warden camps feature intensive programmes of conservation and woods travel training, as well as outdoor and indoor sports and

recreation.

Under a field staff of association-trained instructors, the boys study a wide range of forestry and woodcraft skills leading to proficiency badges in 17 subjects, including such basics as fire-fighting, mapping and orienteering, tree identification, first aid, signalling, conservation, etc.

The fully-supervised recreational programme includes swimming and waterfront sports, outdoor games and manoeuvres and boxing, tumbling, table tennis and darts for indoor hours.

Get That Letter Slot

It is a remarkably strange thing that public apathy of a small minority on such a small matter as installing letter slots or suitable receptacles for mail should continue to hold up a service the majority of White Rock residents greatly desire.

Yet that is what is happening here to the proposed letter carrier service. Appeal after appeal has been published in the pages of this newspaper asking the public to co-operate and get these receptacles installed so that the delivery of mail can get underway.

Queries have been put as to why this condition exists. Some point to the lotus-and-lily complex afflicting numerous people who come to dwell in our balmy environs. This is often a delightful state in which to exist and we want people far and wide to realize our advantages and come and join us in great numbers. There is room and to spare for the building of hundreds more homes in our suburbs.

But it hardly seems fair for residents to be so lulled by the fair sea breezes drifting in from the Gulf that they forget to attend to small matters such as letter slots to give a much-needed service.

We have even heard it said that lots of housewives prefer the daily trip to the Post Office which takes retired husbands out of the house each day for a spell. Or it may be that even housewives, too, like the bit of visiting and neighbourly gossip such a daily jaunt affords to themselves.

These factors may all have their bearing on the delay in letter slot installations. We don't really know. But it seems to us it's a poor planner who can't think of a packet of this or a pound of that as an excuse for a daily walk down town once the mail delivery service goes in.

So we're hoping this is the last appeal which must be made to the laggard 7 per cent who are holding us up. Please get that letter slot today.

What Price Art?

An announcement made this week by the provincial chairman of the B.C. Centennial Committee raises a pertinent question in the minds of all people interested in the development of Canadian art.

It tells of the offering of a \$200 prize by a Vancouver firm for the best cover design submitted by a provincial artist for the 208 page centennial book. This historical volume which, we understand, is already being prepared by a member of the University of British Columbia history faculty, will commemorate the 100 birthday of the province in 1953.

We are not carping at the sum offered by the city firm. What we are wondering is, what price does the Centennial Committee itself place on the work of Canadian artists? The announcement rather grandiosely suggests the cover design may conceivably launch a comparatively unknown B.C. artist into world-wide recognition.

If it does then \$200 will go farther than we ever dreamed it could. By most reckoning, it would barely pay the rent and buy the necessary food during the period the "unknown" was working on his masterpiece.

We are not suggesting the commercial aspects are the most important consideration here. But after all, artists, too, do have to eat—Or do they?

Fisheries Invasion

The rich salmon and halibut fishing grounds off the coast of British Columbia and Alaska are threatened with invasion. Canadian and U.S. fishermen, who reap a bumper annual harvest, are alarmed at recent events which may hit their industry hard. The events:

Russia, left out of the 1953 tri-partite pact which allocated Pacific fishing areas to Canada, the U.S. and Japan, may seek to become the fourth member nation.

Japan, excluded by new Soviet law from "traditional" Japanese waters off Siberia, Korea and the Aleutians, is looking to the B.C.-Alaska waters.

Peru is casting envious eyes on these happy hunting grounds. To meet the invasion threat, there is talk of extending Canadian and U.S. territorial waters, for fishing purposes, from three to 20 miles. Peru has "declared" a 100-mile limit. Russia claims 200 miles.

High-level protests to the governments concerned have also been suggested—Financial Post.

Road Or Rail

A combination railway freight car and truck trailer can travel on rails or roads, says The Financial Post. The vehicle, recently put into operation by the Chesapeake & Ohio Railway Co., has two sets of retractable wheels which are raised and lowered by compressed air. One set are flanged wheels for riding on rails, the other is equipped with tires for use on highways.

Mallard Eggs Found In Tree Nest

By Louise Hastings.

RMP Sgt. Alan Foster is by no means a naturalist of renown. A few weeks ago, an abandoned nest was brought to his attention by Mr. Bill Gardner, of the Crescent Oyster Company. Sgt. Foster was quite sure the eggs in the nest were Mallard eggs, but the puzzling point was that the nest was in a tree. There was an authority on birds not far away, and Sgt. Foster went to consult Canon Martin Holdom. Together, they went again to the nest, and Canon Holdom certified the eggs were indeed Mallard eggs. He suggested they could probably be hatched out yet, if a broody hen could be found, and the necessary permit obtained from the Game Department.

Not much sooner said than done. A neighbouring farmer lent the broody hen. Four of the eggs hatched. A wash-tub was sunk in their chicken-wire yard, and so delighted the ducklings they remained much longer in the water than the anxious mother biddy liked. She refused to cover them that night, so Sgt. Foster put a ladder upright inside the yard where biddy could roost, and she was taken home in a few days.

Now the ducklings, sturdy and strong, play "follow-the-leader" all around the whole yard at the Foster's, each evening, in order to catch insects to balance their diet properly. The other evening someone left the gate open, and the next thing anyone knew, the ducklings were down at the cliff end of the Stevenson Road, wistfully surveying the wide water of the Bay.

The sergeant got around in front of them and ordered them to "about turn," then he marched them single file ahead of him up the hill to their foster-home. Just before they reached the gate, he bellowed "right turn," and they did, into the home yard again. Young Haymer Foster named them, Huey, Dewey, Louie, and the girl Daisy.

On The Bookshelf

"QUEST FOR THE LOST CITY" by DANA AND V. B. LAMB. Even as childhood playmates the Lambes were interested in the out-of-doors and in adventure. As they grew up and attended university, they studied archaeology, engineering, medicine, navigation and photography with the intention of indulging their interest in exploration. That they carried out their intention with unflagging zeal will be obvious to anyone who reads their books.

In "The Quest for the Lost City" this husband and wife team give us an account of their search through the jungles of Mexico for this city which they believe to be the last stronghold of the Mayas. The whole book is packed with tales of fantastic adventure, of high hopes, of success, and of bitter disappointments.

To those thinking of roughing it in the jungle, this book will provide all the necessary details. It is possible, of course, that after reading this account, all save the most daring will decide to stop their adventuring from the comfort of a well-upholstered armchair. While the Lambes may not have the literary skill of professional writers, they record experiences in a breezy fashion well-suited to the adventurous spirit of their book.

THE WHITE KEPI, by Walter Kanitz. The voice of Walter Kanitz is familiar to Canadian radio audience from coast to coast. His weekly programmes are carried on both CBC networks. In them he talks of his memories of Europe and plays recordings from the continent. Austrian by birth, he was in France at the beginning of the war and joined the French army as a volunteer. He was assigned to a battalion of the Foreign Legion. While serving, he conceived the idea of a history of the colourful, controversial and badly misunderstood "Legion of the Lost."

After three years of painstaking research his "casual history" has now been published in Canada under the title "The White Kepi." It is a truly authoritative book that takes in every facet of a Legionnaire's life. Much of the authentic detail is based on the author's personal experience.

BIG DAYS IN JULY.

July 9 to 14—Calgary Stampede, Calgary, Alta.
July 10—Allied troops landed in Sicily, 1944.
July 12—General Holiday—Newfoundland.
July 13—Battle of the Boyne Anniversary (Orangeism's Day).
July 14—National Holiday of France (Bastille Day, 1789).

YOU CAN LEARN something new every day. That's a very old saying and most of us can vouch for its truth. I, for one, learned very recently that the Credit Union idea is not new, that, in fact, it goes back to the golden days of ancient Greece. Co-operative societies are said to have existed in that country in 300 B.C. The modern version of the credit union movement, however, got its start in Germany in 1848.

The first Canadian Credit Union was formed in Lewis, Quebec, in 1900 and we all know it is still going strong.

A GOOD MANY of these ideas were revealed at the convention of the Union held recently in Victoria. B.C. was the last province to pass a Credit Union Act—in 1939. However, in spite of a late start it is now third province in assets and membership, being exceeded only by Quebec with 55 years of activity and Ontario with 30. The 1957 convention will be held in Vancouver at the University of British Columbia.

Interesting data about Credit Union in B.C. is that, whereas in 1940 there were only six unions, today there are 337 with approximately fifty million dollars in assets.

HI-HIP HURRAH might be an appropriate greeting for the opening of the new comfort station at the corner of Oxford and Washington. Even if it is just a renovated gas service station, it at least will help to relieve a situation which does no good for White Rock's reputation as a resort town. Now for some landscaping around the new "station." Hope it won't be

as many years in materializing as the "comfort" facilities themselves were. I see the two sections of the new installation have the names "Adam" and "Eve" up over their doors. If it was Public Works' idea, I don't know that I care for such coyness, but big crowds on our warmest weekend to date probably did not bother about that little factor. Main thing was the "comfort" offered by the place.

Breakfast: 1 pigeon thigh, 3 oz. prune juice (gargle only).

Breakfast: Shredded egg shell skins.

Lunch: Pickled ribs of tadpole.

Dinner: Bees knees and mosquito knuckles, sautéed in vinegar.

Breakfast: Boiled out stains of table cloth.

Lunch: Bellybutton from novel orange.

Dinner: Two eyes from Irish potatoes (diced).

N.B.: Keep this up until you're a shadow of your former self.

DIGGING.

It's a good thing to get in and dig, but watch which way you throw your dirt.

Bloofus: I wonder why rich folks so often marry rich folks?

Obtusus: Because they have so much in common.

Proposed Municipal Tax Exemption.

Looks like we'll get home tax relief, if the Premier has his way.

The thought of such intention, has his opponents in dismay. They can rant and roar and ridicule, and give all kinds of views.

But to the average home-owner, it is indeed good news. The plan has been called fantastic, anything to cause us fears. Something the older parties missed, tho' they were in power for years.

The S.C.'s are not infallible, they have never made such boast. But for records of advancement, looks like they've done the most.

We must admit we're seeing progress, if fair-minded we would be.

No matter what's our politics, works are there for us to see. Now all the modest home-owners, are going to get a break. One thousand dollar exemption, on our homes will be just jake. This is the kind of news we like, can't be quashed by any Senate.

The proposal's good, give real help it should, so good luck, Premier Bennett.

Pretty Summer Wedding Held In United Church

For her wedding the bride had chosen a ballerina length, net over satin gown featuring a lace peplum and matching lace jacket with lily-point sleeves. Her chapel length veil flowed from a headpiece of pearls and sequins and her bridal bouquet was composed of pink carnations, white Esther Reids and stephanotis. She was given in marriage by her father. The matron-of-honour, Mrs.

Demanding a breakdown of

these could be produced to show

Public Works Superintendent, J.

During the discussion Man-

Councillor Burrows said that

New Paint For Marking Highways

Summer holiday season is with us once more. Millions of cars will be travelling our highways and too many of them will be involved in accidents.

Highway experts are constantly at work to discover new ways of preventing many of these accidents. They have taken out dangerous curves on roads, widened highways to cope with heavier traffic, and carefully marked curves and no-passing areas.

Helping ensure the safety of the motorist is the paint industry, whose chemists are busy developing new and better paints for marking the highways; paints which are easily distinguished in rain or shine, in daytime or night-time.

PAINT TO THE RESCUE

Paints used to mark danger points or direction must be eye-

catching instantly. One of the newest developments in this line is a white paint studded with special glass beads about the size of salt grains and the largest particles ever used are the size of granulated sugar. These glass beads are mixed with white paint which is used to mark the centre line on highways. As the headlights of cars hit the glass particles, the light is reflected, making it easier to see the lines at night.

In some places the white centre line paint is used as a warning device for bad curves on highways. White lines painted at the outer edge of the road call attention to places where the edge of the paving is rough and the road shoulder beyond is treacherous.

All these warning devices are there to help the motorist. A great deal of time and study by many people has gone into developing them. Obey them and have a happier holiday!

Betty Huff Attends Queen's Garden Party

Today is a big day in the life of one of White Rock's Elementary School teachers, now on exchange in England. Miss Betty Huff, Pacific Highway, was one of the many guests attending the Queen's Garden Party in the spacious and lovely grounds of Buckingham Palace.

One of the beautifully-engraved invitation cards, splendid with the Royal crest, will be a treasured memento of the White Rock teacher, who is a past president of the local Soroptimist Club.

SWAP JOBS

Mrs. Huff has been teaching at Hayes, Middlesex, taking the position held by Miss Irene Brook who in turn has been supplying in the primary room here. Miss Mary Molloy, teacher at Semiahmoo High, has also been on exchange in England. She took over Miss Doris Abram's post at Wyndmonham, Norwich, while the English teacher supplied the vacancy in White Rock.

The two White Rock teachers, who have seen a great deal of England, Scotland and the Continent during their year abroad, are sailing for home on the Empress of Scotland, August 18, from Liverpool. During July they expect to visit Norway, Sweden and Denmark and see a bit more of England before they leave for Canada.

Early British submarines in the First World War used carrier pigeons in place of wireless.

FASHIONS

With us this summer is the real afternoon dress, softly elegant, and quite distinct from the pretty all-day dresses that we like so much. Still, once in a while, for a special luncheon or tea, one has to have such a dress and this would be a good choice. It is of fine silk shantung in Mediterranean blue with white dots. The narrow banded neck ties in a bow above a white slit that extends to the yoke line. The draped bodice is very flattering and the skirt is gathered at the waist and is cut on the bias for gracefully flared fullness.

Hometown Shopping

You and your family are no doubt very familiar with the TV Programme "The \$40,000 Question." Each week lovely Evelyn Patrick tells us of the advantage of using all the sponsors' products which are of course by Revlon. These are all available at HOOD'S DRUG STORE and one of the most popular right now should be the "SUN BATH" which allows you to sunbathe without peeling. It is non-greasy, yet moisturizes your skin and protects you from harmful sun rays. Try also the new "Summer Peach" shade, lipstick and nail enamel, "Touch and Go" perfect make-up for sunny days, and "Satin Set" to keep the hair breezes from disturbing your hair style. All these tried and proven products by Revlon at HOOD'S DRUG STORE, WASHINGTON AVENUE. PHONE 5-2221.

ROSEMOUNT FLORISTS have a service which is perhaps not familiar to many White Rock residents and of course our new residents might also like to avail themselves of it. This service is LANDSCAPING which is done by our local nurserymen and people who have bought lots or new houses recently would save a great deal of backache and hard work if they knew how reasonably they could have the job of landscaping expertly done, by ROSEMOUNT FLORISTS. For all your vegetable and flower seeds, shrubs, special corsages, sprays and wedding bouquets remember ROSEMOUNT FLORISTS, WASHINGTON AVENUE. PHONE 4-7171.

Sea Festival Days are almost here and we all should have the necessary supplies on hand for guarding against "Old Sol" if he decides to be especially good to us on these two special days. PRESCRIPTION and HILLTOP PHARMACIES are all ready and have a good stock of sun tan oils and sun glasses. Don't forget one of the most important items for the holidays is FIRST AID supplies, band aids, iodine, absorbent cotton, and bandages for those minor emergencies that sometimes occur while we are vacationing. Also for the picknickers there are paper plates and cups and beach toys for the children. All at PRESCRIPTION and HILLTOP PHARMACIES, WHITE ROCK. PHONE 5-3336 AND 4-6221.

A blouse is an ever-welcome addition to any wardrobe with styles and materials so many and varied. At the RAINBOW SHOP you will find a good choice of smart reasonably priced summer blouses, some as low as \$1.98 and \$2.98 and such good value too. YOU also must not forget the beautiful bathing suits at the RAINBOW SHOP, so when you think of swimming think of COLE OF CALIFORNIA whose suits look just as nice after bathing as before. A very good selection of children's swim suits are in stock, as well as teen sizes. RAINBOW SHOP, VIDAL STREET.

RECIPE OF THE WEEK

Here's a new method of making that old favourite—a meat loaf. Semi-dry bread crumbs, milk and an egg are teamed together and blended with the ground steak or hamburger. That's all there is to it. When the seasoning is added the loaf is ready for the oven. It's an excellent luncheon or main supper dish that offers plenty of eating pleasure whether served hot or cold. The recipe was given to me by Mrs. Harold Downey, a member of White Rock's Branch of the B.C. Historical Society.

MEAT LOAF

One pound hamburger
One onion (grated)
Four slices semi-dry bread (crumbs)
One egg
Two cups milk
One teaspoon Worcestershire sauce
Salt and pepper to taste

Method: Mix with automatic beater, or thoroughly by hand. Bake in greased, covered casserole in moderate oven. Muriel Downey

Children's Parade Sand Castle Contest, Sea Festival Big Events

Plans for the Children's Parade at the Sea Festival are well in hand, reports Mrs. B. B. Mielecki, Mrs. P. Williamson and Mrs. J. Campbell. It is to be held on Friday, July 20, commencing at 11.30. It will be formed at Oxford Street and march to the Memorial Park, where the judges stand, four prizes and \$15 worth of candy await them.

The parade route is to be patrolled by Sgt. Foster of the RCMP. Mr. A. P. Atkinson, publisher of the Semiahmoo Sun, and the other judges will face a real challenge to pick winners from the many excellent costumes—comic, historical, nursery rhymes and novelties expected to enter. All entrants will receive free pop and candy.

SAND CASTLE CONTEST

The sand castle competition, dependent on the tide as always, will be held at 10.30 the same morning, at the east end of the beach this year, between Tingie's Store and the Beach Store.

Again Mr. J. Barrie is offering a prize for the best Bird House built by 13 year-olds and younger children.

Sprinkling Rules

To Be Discussed At Ocean Park Meeting

The Ocean Park-Crescent Heights Property Owners Association will hear representatives of the White Rock Water Works and Public Works Superintendent Claude Harvie, discuss the sprinkling regulations of the area at a special meeting on Tuesday, July 17.

The meeting, slated to be held in the Ocean Park Hall, will commence at 8 p.m. The Association are asking all interested residents to attend this meeting.

In the Garden

The Vancouver Rose Show

I was fortunate in being able to attend the above show last week, in the Art Gallery. It was a most creditable show considering the damage done by last November's frost, and I am sure the organizers of the Society must have been very gratified by the quality of the exhibits.

As we entered the hall, we were confronted with a bank of roses, massed in their separate colours and varieties, displayed by the Florists' Telegraph Delivery Association. Unfortunately these roses were not labelled, so I could not make a note of their many varieties.

At the opposite end of the hall we came up with another display of roses and other flow-

ers staged by the Vancouver Parks Board.

At other points of the hall, making a break in the long rows of tables of competitive entries, were displays of roses by various florists and nurserymen in Vancouver, including a fine showing of special blooms by the Rosecroft Rose Nursery of Langley. I noted some especially good blooms of Mark Sullivan, Frensham, Peace, Volcano (a deep cerise), Putters Gold, New Yorker, Virgo (the whitest rose I have seen), Red Anderson (a single dark crimson), Mme. Kriloff, and Charlotte Armstrong.

Next to them was a display of seedling roses and these were quite an interesting novelty.

Turning to the competitive classes, it would be impossible in a short article to mention most of the various exhibits, as there were some 50 or more classes, but I will mention some of those which appealed to me.

The first class was for 12 specimen blooms of distinct varieties in show box. The first prize award went to a particularly good showing of blooms, including Dr. Debat, pale pink; Fred Howard, pale pink; White Swan; Michelle Meillard, pink suffused peach; Show Girl, deep rose.

In another class for three specimen blooms, the first prize went to a Peace rose. And this popular rose was very conspicuous in many other classes, and all were very beautiful.

Six blooms of decorative roses in two vases, first prize awarded for Gordon Eddie (peach), Sierra and W. E. Chaplin (crimson).

Two roses shown in three stages of development, which appealed to me, were Show Girl, a rich pink, and Michelle Meillard, a medium pink H.T. rose, which was extremely delicately beautiful.

Dainty Bess and Betty Prior were two good Polyantha, semi-single blooms; and in the Floribunda class, Lillibet, Fashion, Sweetheart and Masquerade, a red with reverse yellow.

In the Climbing or Rambler

class, conspicuous were Blaise, and Circus, yellow and peach-red.

In the Special Classes, the best rose in the Show went to a Peace; the best yellow, McGredy's yellow; and the best red rose, Ena Harkness.

Among other particularly good blooms were: Sam McGredy, lemon; Show Girl, deep rose; Tiffany, full rose; Sierra Glow, rose and peach, beautifully scented; Mojave, copper flame, very striking; Saturna, red and gold-copper; Grande Duchesse Charlotte, tomato red; Mrs. Lamplough, lemon-white; Mrs. H. M. Eddie, pure white; First Love, dainty pink; Tiffany, deeper shade than First Love; Montezuma, rose; and four red roses: Crimson Glory, Ena Harkness, Poinsettia and Nocturne.

Junior College Idea To Be Studied By BCSTA

An exhaustive study by a special committee of the B.C. School Trustees Association will be made of the whole question of Junior Colleges in B.C., President L. W. Wood of Armstrong has announced.

"Some people believe a junior college should be an intermediate step between high school and university; others think they should turn out a finished product. Some people want junior agricultural colleges, some want junior forestry col-

leges, and yet others want colleges that offer general subjects," said President Wood. Mr. Wood stated he and his colleagues have open minds on the subject of junior colleges and the study now being initiated will be completely objective.

It is expected that the committee will submit a preliminary report to the BCSTA executive preceding the organization's convention in Cranbrook next September.

The visitors will later go on to the Cariboo and Okanagan to meet old friends and also to Victoria and Campbell River for a fishing trip.

Residents Here 40 Years Mark Golden Wedding

Mr. and Mrs. Charles J. Cooper, residents of White Rock for nearly 40 years, will celebrate the golden anniversary of their wedding on Sunday, July 15. Open house is planned for relatives and friends on that day at the couple's Buena Vista home.

Married in the Anglican Church, Haney, 50 years ago, Mr. and Mrs. Cooper spent their summers in White Rock where all three of their children went to school. When Mr. Cooper retired nine years ago after serving 44 years as postmaster at Deroche, they came to make their permanent home here. They have one son, Jim, in California; two daughters, Mrs. Norah Staines, and Mrs. Andrew Hunter, both of New Westminster; seven grandchildren and three great-grandchildren.

BORN IN IRELAND

Born in County Kerry, Ireland, near the Lakes of Killarney, Mrs. Cooper came to Canada to stay with a sister, Mrs. Emma Reid, of Haney. She was married six months after she arrived. Mr. Cooper was born in England.

The majestic beauty of snow-capped mountain peaks—the exhilarating thrill of canoeing in the Canadian Rockies—the panorama of azure blue lakes and alpine scenery—all this awaits the Trail Riders of the Canadian Rockies. This summer, the organization's mountain holiday includes a five-day ride, from July 3 to July 17, and a six-day ride, from July 18 to July 23. Opportunities for photography, fishing, trail riding, and nature

study are plentiful during the day's excursions. In the evenings, sing-songs and other camp fire entertainment are rosy and rollicking preludes to a night's sleep under the stars. In the upper left photo is a Trail Rider horse camp, set at the foot of a towering mountain. Upper right shows a Trail Rider admiring the wonderful alpine scenery of the Rockies. Saddling up in the crisp, cool morning air in preparation for the ride is a pleasant beginning to a wonderful holiday.

While the White Rock family were in Chester, South Dakota, the temperature rose to 110 degrees. Then, a violent windstorm came up and blew all the newly-cut hay into the fences. After that the temperature fell rapidly to 80.

The Wilkinsons visited Mrs. Wilkinson's sister, Mrs. R. Reiff, whom she had only seen twice since girlhood. They also motored to Mrs. Wilkinson's former home in Ida Grove, Iowa.

THE CHURCH SPEAKS

EVANGELISM.

Men and women down through the ages, filled with the love of Christ, and in obedience to His command, have gone out into the world to tell, not what they have heard, but what they KNOW.

This is EVANGELISM. This is the way that multitudes must yet hear. They must hear the note of certainty—the note of surety. They must see in you and in me, THE CHRIST.

The primary task of the Church is the salvation of souls—to bring men and women into His saving grace. We must go to the unchurched with the good news of redemption. This is EVANGELISM.

Evangelism in this sense can only be done by the Church Militant here on earth. To every Christian, this means active service. Subversive inactivity is more dangerous than subversive activity. We are engaged in a Holy War. The enemy of man's soul is piling up a casualty list of staggering numbers. Our business is to "rescue the perishing"—in Christ's Name to "seek and save that which is lost." Taking men alive for Christ is the work of every real Christian.

A sub-committee was set up for the purpose of exploring the natural gas board to distribute gas under municipal ownership. The committee was instructed to look into the problem of obtaining enabling legislation and the feasibility of financing the proposed system.

The Hilltop Association Ask For Comfort Station

A comfort station in the Hilltop area is being asked of Council by the Hilltop Business Association. This was under discussion at the regular meeting of the Association held at the

home of Mrs. Ruth Johnson on Tuesday evening, July 10 with 12 members present. Council members attended.

The group are also requesting Council to clear the side walk area from Prospect to Roper on the west side of Johnston, as the weeds, roots and grass are becoming a danger to elderly people walking on that side of the street.

On the agenda also was a suggestion for another pay phone at the five corners area. It was pointed out the one put in at the corner of Roper and Johnston did not serve the whole area adequately.

Under considerable discussion was the problem of access to the lanes at the back of the business properties for freight and parking convenience.

It was also decided that the Association would enter a float in the Sea Festival parade.
